Conduct Law Enforcement Drills

Law enforcement drills for the Civilian Defense Council's troop of two hundred auxiliary police officers swung into action, last Tuesday night, when Police Chief James G. Reardon ordered initial field activities in a one hour session.

Co-ordinator of police protection, Chief Reardon presented emergency problems to the volunteers, and assigned the men to their posts covering all sections of the city to work out the given problems. Regular police officers patrolled the city in five police cars, to observe and report on the work of the auxiliary men.

Chief inspector for the drill was Edmund Cavagnaro, member of the city council, and one of the co-ordinators of the Red Cross disaster relief.

The auxiliary officers were given the entire responsibility in the one hour drill. The men were required to operate at three imaginary "fires" in the city.

The men were ordered to cover all fire boxes and all intersections of the city. Considerable practice in drawing fire lines at the scenes of the "fires" was a major part of the drill.

At the conclusion of the drill, Chief Reardon had high praise for the men, their efficiency in the formation of police lines, and the other duties required of the auxiliary police. Analysis of the regular officers' report showed the drill to be 75 per cent perfect.

Lions To Entertain Ladies At Hilltop Lodge

Ladies of the Daly City-Colma Lions will be honored tonight at Hilltop lodge when the Lions hold "ladies night." Festivities are to begin at 7 p. m. with a dinner.

After the dinner, the Lions and their ladies will enjoy dancing. A special committee has arranged the entertainment for the ladies. Serving on the committee are Chairman Hugh Smith jr., Elton McGraw, Bill Sweeney, and Dr. W. J. Lantheaume.

To Open Jeff Gym For Night Activities

After a month of inactivity, the gymnasium at Jefferson Union high school will open to the public for night activity, Monday at 7 p. m., according to Coach Albert Biggs, athletic director.

The Daly City WPA Recreation department has a full schedule planned when the building opens. Badminton will be played on Monday and Wednesday evening, and Tuesday, Thursday, and Friday evening will be nights for basketball games. The pool will not open until Friday, March 6.

Dressing rooms have been equipped for blackouts, and in case of a blackout, all those in the gymnasium will go to the dressing rooms, Biggs declared.

Well, How Would You Like It?

By Bob Baker

How would you like to be an air raid warden, and go dashing up to someone's door during a blackout only to be met by a snarling bulldog who doesn't wait to be introduced? Well, momentarily, you would probably forget about the blackout, turn on your heels, and take to the street—with the pooch gaining on you stride by stride!

Let's leave the warden in that unhealthy predicament. Here is another pleasant thought. Suppose you have just warned the lady of the house that a blackout has been ordered, and all lights are to be turned off until the "All Clear" signal has been given. You are running down the steps

Vollbrecht Joins Navy As Seaman

Granted a leave of absence to serve as a seaman with the United States Navy, Dietrich Vollbrecht, German and English instructor at Jefferson Union high school, will soon leave his duties for naval duty.

Vollbrecht was in his seventh year at Jefferson high school, and, in addition to his regular high

school classes, he taught Americanization in the night school.

Educated at Northwestern university and Miami university, he was awarded his master of arts degree at the University of Cincinnati, where he studied as a result of a Charles P. Taft fellowship. He received his teaching credentials on a fellowship at Columbia university, and did post graduate work at Columbia and Stanford universities.

"I am very happy to be able to serve my country," Vollbrecht said, after having been granted the leave of absence.

Taking his place for the duration will be Walter Griffith, for two years an instructor at the University of California. Griffith was graduated from California.

To Organize AWVS Unit For Daly City

Formation of a unit of the American Women's Voluntary Services in Daly City was foreseen this week after a joint meeting, yesterday, of the local P. T. A. organizations, called by Mrs. Walter Lehigh, president of the high school unit.

The meeting was held immediately following the nutrition classes, which are sponsored by the Jefferson Union High School P. T. A. Established under the direction of Mrs. Lehigh, the classes have been in progress for the past several weeks.

Further information regarding Daly City's unit of the A. W. V. S. will be disclosed later, when organization plans have been completed.

Fire Breaks Out In Local Home

Fire broke out at the home of Harold B. Sagerdahl, 434 S. San Diego avenue, Saturday night, during the absence of the residents, but Companies 1, 2, and 3 of the Daly City Fire department extinguished the blaze before major damage was done.

The fire started in a large, overstuffed chair in the corner of the living room. Fire Chief Andrew P. Chesnev said that the blaze was possibly started from a spark from a cigarette, although the electrical wiring from a base plug was nearby.

Firemen found it necessary to gain entrance by forcing the lock on the front door when they found no one at home. Considerable smoke was found in the room when the firemen entered.

Company 2 was the first to reach the house. The booster pump on the new truck of Company 2 extinguished the fire.

Aside from the damage to the chair, Chief Chesnev estimated the damage to be \$5. He said that the baseboard in the corner would require replacement.

42 Receive Diplomas

District Grammar Schools Graduate

Fifty-two students will culminate their grammar school careers in the Jefferson school district when they receive their diplomas, Saturday, at graduation exercises in the high school auditorium. The exercises will begin at 2:30 p. m.

R. L. Crane jr., superintendent of the district, said that Saturday afternoon was set for the exercises to prevent a possible blackout from interfering with the exercises, and to make it safe for the children.

"Bits of California" is the title of the musical program that will be presented by the schools. The program is taken from the pages of early California history, and will portray everyday life in this state.

Mrs. Muriel Vint, music supervisor of the Jefferson school district, has directed the music for "Bits of California." Dancing, singing, and accordion and harmonica music will feature the musical. The orchestra and the glee club will be heard in many of the numbers.

Diplomas will be presented to the graduates by Crane. In addition to the diplomas, special awards will be presented to outstanding students.

Introduce Photography At Jeff Night School

With facilities and equipment unexcelled by any high school in the state, Jefferson Union high school will introduce photography into its night school course when classes resume, next week.

Classes in photography will begin Tuesday at 7 p. m. The class will meet each Tuesday from 7 p. m. to 9 p. m. Arthur Smith will teach the course, which will include instruction in developing film, making prints and enlargements, taking pictures, and portraiture. All those interested in photography are urged to enroll.

The school has been equipped with a modern photographic studio and laboratory. The course has been offered to high school students.

Band To Present Concert, Feb. 8

Inspiring military marches, skillful, baton-twirling majorettes, new concert arrangements, and vocal selections will feature the Grand Patriotic Concert by the Daly City Band at Jefferson Union high school auditorium, Sunday, February 8. George E. Brenner will conduct.

Jointly sponsored by the city of Daly City and the WPA Recreation department, the concert is scheduled to begin at 2 p. m., and is free of admission charge. The public is invited to attend.

A two hour program is planned by Conductor Brenner, who leads the forty piece musical unit. Henry Sundermann sr., member of the city council, will make the introduction at the concert, and a patriotic address will be given by Judge John J. Fahey jr. The opening air will be the national anthem, "The Star Spangled Banner."

Although the majority of the musical numbers will be patriotic martial music, Brenner has arranged several special numbers, such as a new concert arrangement of "The Bells of St. Mary's," "New Moon" overture, the fourth movement of "The New World Symphony," and a twilight serenade.

Program At High School Tonight

Diplomas will be awarded to 42 graduates of Jefferson Union high school at tonight's commencement exercises in the auditorium of the school. A large crowd of relatives and friends has been issued invitations to be on hand at 8 p. m. to witness the program.

Both scholastically top-ranking students chose topics for their speeches which reflect the world crisis today. Norman Wiseman, who has received highest grades among the boys, will discuss "What We Can Do Today To Make Tomorrow Better." Norma Simonetti, who stands highest in scholarship among the girls of the graduating class, will speak on "Education and National Defense." The address of welcome will be presented by Jean Hanselman, senior class president.

Reverend Andrew Szilagyi, St. James Presbyterian church, will give the invocation, while Father James Sorasio, Holy Angels church, will pronounce the benediction.

Music for the exercises will be furnished by the high school chorus and orchestra under the direction of Oscar Busch. The two numbers presented by the

Council Passes On Four Motions

Passing four motions concerning routine city transactions, the city council held a regular meeting at the city hall, Monday night.

Following a communication from Harrison and Dorman, contractors for the erection of Daly City's two new firehouses which are under construction, the council moved to notify the contractors to grade and lower the walls of the firehouse at Santa Barbara and Parkview avenue.

The Market Street Railway company was granted a permit to blast within the city limits of Daly City, under specific provisions.

Need More First Aid Volunteers

Cited as the "first line of civilian defense," the first aid division of the Civilian Defense Council is, this week, preparing for squad formations with a decided shortage in volunteers, according to R. L. Crane jr., first aid chairman.

Crane declared that more volunteers for first aid are urgently needed, and are requested to sign up for instruction, so that they may be placed in a squad. With many standard courses nearing completion, the first aid squads are ready to be formed, except for the shortage of volunteers.

An advanced course to obtain more instructors is now planned by Crane to begin soon. Most of the classes which are now under way are for the benefit of air raid wardens, and teachers, be-

POLICE RECOVER STOLEN GOODS

Recovery of \$300 worth of stolen goods was made, Monday, by the Daly City Police department, after FBI agents in San Francisco nabbed George Payne, Union Iron works employee. The goods had been stolen from the home of Mrs. M. Lawrence, 427 Winchester street.

Two fur coats and an overnight bag were the goods that Payne stole, June 3, 1941. Mrs. Lawrence reported the burglary to the Daly City Police department.

Chief of Police James G. Reardon questioned Payne following his capture at the city prison in San Francisco. Payne told Chief Reardon that he sold the goods to a bartender at Third and Brannan streets in San Francisco. The bartender's name was not disclosed.

Accompanied by Inspectors Paul and Beeg of the San Francisco Police department burglary detail, Chief Reardon went to the tavern to recover the furs and the bag. Pete Sans, proprietor of the tavern told the officers that the night bartender bought the goods from Payne.

Chief Reardon contacted the bartender, and the two fur coats and the bag were taken to the local police department, Monday.

Troop 101 To Meet In Patrols

Frank Coughlin, scout leader of Troop No. 101, today announced that his group has been broken up into three patrols. The boys will meet with their separate patrols instead of holding one large meeting until after the duration. Reason for the change is that the boys are able to achieve more in their work for national defense.

Members of the Explorer Patrol meet every Wednesday evening at 7:30 p. m. at 443 Irvington street. The boys are now busily engaged in working on emergency defense. They are learning first aid and stretcher work.

The Eagle Patrol will meet with Scoutmaster Coughlin, Thursday evenings at 7:30 p. m., at his home, 443 Irvington street. The Eagles are working on merit badges for defense.

Patrol leader of the group is Joe Powers. Bill Nassano is assistant patrol leader.

The third group, Beaver Patrol, meets every Friday evening at 7:30 p. m. at 443 Irvington street. The boys recently held an election for their patrol leaders. Chosen to lead the patrol was Edward Denning. Bob Lane was chosen as assistant patrol leader.

Boys of the three patrols have started a paper drive. The drive has been going for over a week. In the first day Eugene Klingler scouted up seven hundred and fifty pounds of paper. The total amount for their first days work was three thousand pounds.

"The boys are forming regular routes for picking up waste paper," stated Coughlin. "The boys call at various homes on the first Saturday of each month. If there is any one who has waste paper they would like to donate, they can call my home and I will be glad to have the boys make regular monthly stops. My phone is DElaware 7929."

At The District Grammar Schools

At Jefferson

A flow of dimes mounting to \$22 was Jefferson's contribution to the March of Dimes to aid in the fight against infantile paralysis.

The drive for defense stamps, which was introduced by the seventh grade students, is rapidly spreading to other grades of the school. Already a large majority of the eighth grade have bought defense stamp booklets. The sixth grade students indicated that, they too, are making plans for a defense stamp day.

Another display of patriotism in Jefferson school is shown in the number of books that students have contributed to the Victory Book Campaign for service men.

Classroom activities are showing much progress. One of the most noteworthy projects in the school is the miniature farm which has been constructed by the kindergarten pupils.

First grade students are busy with their make-believe grocery store. Fruits and vegetables are arranged in neat rows, and the students are learning some of the arts in becoming successful salesmen and courteous buyers.

A study of "Communication" was furthered in the sixth grade when Robert Benassini brought his postal telegraph radio set to school, and demonstrated how to send and receive telegraphic messages.

Knowledge of current events

has been increased recently for students of the seventh grade. Nathan Agresti gave a fine report on propaganda, explaining both the advantages and disadvantages in its effects.

Lola Casentini gave an interesting description of the relationship between the Japanese Emperor and his people. She also enlightened the class on the Japanese soldier's incentive for joining "suicide squads," explaining that their belief is that they will become gods by giving their lives in the present war.

At Woodrow

"Meat Packing" was the title of an interesting study film shown to students of Room 4, recently.

A new student recently joining pupils of the low seventh grade was Marcella Kimmel, transferring from a Kansas school.

Seven Local Lions Attend Conference

Seven members of the Daly-City-Colma Lions club attended the Mid-winter conference of the fourth district Lions International held, Friday and Saturday, in Fresno. It was estimated that the group of seven from Daly City represented the highest percentage of membership of any of the visiting clubs.

Local members who attended were President Dale Hovey, Butler Ferrier, Joe Sarto, Syl Trabucco, Al Pulley, Bob Fessenden, and Elton McGraw.

Two major business meetings were held at the conference in the Presidents' breakfast and the Secretaries' breakfast. Combined attendance at the meetings was five hundred Lions from California and Nevada.

When the regular chairman of the Presidents' breakfast did not put in an appearance, Hovey, president of the local chapter, presided at the meeting.

At the Secretaries' breakfast, Ferrier gave an interesting account of the success of the local chapter, and of the Lions' "ladies' night."

COMING TO DALY CITY THEATRE

In the depths of dread Okefenokee, Georgia's 700 mile swamp, Dana Andrews and Walter Brennan talk things over. It's a scene from the new 20th Century-Fox hit, "Swamp Water," opening tomorrow at the Daly City theatre.

"Swamp Water" Opens Tomorrow At D. C. Theatre

"Swamp Water," the unusual story of the foreboding and mysterious swampland that shapes the lives and loves and hates of the people about it, will come, tomorrow, to the screen of the Daly City theatre.

Jean Renoir, famous French director who achieved renown with "Grand Illusion," "Madame Bovary" and other hits, directed "Swamp Water" as his first American production. Walter Brennan as Tom Keefer, Walter Huston as Thursday Ragan, Anne Baxter as Julie and Dana Andrews as Ben have the leading roles.

"Swamp Water" is from the pen of Vereen Bell, and is one of the most unusual serials the Saturday Evening Post ever published. It is the story of the people who live in the strange country near the awesome Okefenokee Swamp of Georgia. This is a refuge for the hunted, but few of those who go into the swamp to hide ever get out of it alive. Into this dread wilderness goes Ben Ragan's dog Trouble, and Ben follows his pal into the swamp against his father's wishes.

There he not only finds his dog, but also a hunted criminal, Tom Keefer, who is hiding in the swamp. Tom has been able to live, hunt and trap there. But he

will not let Ben leave Okefenokee for fear he will turn him in. Ben convinces Tom of his loyalty and they form a partnership to hunt and trap.

This arrangement gets Ben into even more difficulties. His father is angry at him for going back into the swamp, his girl friend Mabel is angry because of the attention he pays Tom's daughter Julie, and the Dawson brothers decide to put him out of the way because they fear he has learned that they committed the murders for which Tom was convicted.

Ben straightens things with his father, takes care of his women and settles matters with the Dawsons in an exciting chase through the alligator-infested waters of Okefenokee.

Companion feature on the new bill will be "Buy Me That Town," featuring Lloyd Nolan, Constance Moore, and Albert Dekker.

"Good Heavens, what happened? Oh, did Junior leave his coaster wagon in the middle of the sidewalk? Oh, I'm SO SORRY!"

"Heh, heh. That's all right—It didn't hurt—much! Heh heh. Grrr!"

Two requests are made by the San Mateo County Civilian Defense Council and the Daly City council. First, it is requested that coaster wagons, bicycles, and other children's toys not be left where anyone can trip over them. Second, it is requested that dogs be locked up during blackouts and air raids so that civilian defense personnel who must visit homes may be able to approach the houses without danger.

The councils re-affirmed residents that the civilian defense workers are only concerned about protecting civilians and their homes as much as possible.

So, let's help the cause by keeping Fido well fed, and in his doghouse during blackouts. If he doesn't see any wardens he won't get hungry for them.

Also, let's get together with Junior, and find some other place to keep his coaster wagon rather than in the middle of the front sidewalk.

The class in Americanization is for those who want to learn to write and read English. This class has been very well attended in the past, since it prepares men and women who are not familiar with the spoken or written language for the advanced class in Naturalization.

The class in Naturalization studies thoroughly the structure of local, state, and national governments in order to acquaint the prospective citizen with the government of which he is to be a part.

Commercial classes in stenography, typing, and bookkeeping will re-open, Tuesday evening. Classes will meet on Tuesday and Thursday evening from 7 p. m. to 9 p. m.

Regular gym classes will be resumed, Monday evening, and will continue, as before, during the five week nights.

James Ferguson, principal of the high school, announced that complete arrangements have been made for effective blackouts, should they be necessary.

chairman of the campaign in Daly City.

Although the campaign has received favorable response in Daly City, Mrs. Fellows expressed the need for more books for the service men. Mechanical and technical handbooks, business volumes, travel books, and fiction are the kind of books that the enlisted men want. In fiction, they read mysteries, westerns, humor, adventure, and historical novels.

Books may be donated at the public library, 6351 Mission street, Safeway store, 6318 Mission street, or the public schools.

Valve Grinding

The remedy for a loss of power is not always valve grinding, according to the American Automobile club. It is even simpler and less expensive having the spark timing adjusted, together with valve timing. This will work wonders for restoring the power of the average engine.

ions, via a motion of the council. The council passed a motion to accept a check from Jack Lynch, county delinquent tax official, for the payment of delinquent taxes in Daly City.

B. C. Ross, city clerk, was instructed by a motion of the city council to write a letter to C. E. Piatt, city auditor, asking the latter to give a detailed statement of the fire department budget for the past year to the fire commissioners.

Mayor John J. Fahey, resuming activities on the council after being confined to his home by illness last week, appointed the entire council to work in conjunction with the WPA Recreation department in increasing interest in the Grand Patriotic Concert by the Daly City Band. The concert will be held at the Jefferson Union high school auditorium, Sunday, February 8 at 2 p. m. Councilman Henry Sundermann jr. was selected as chairman for the committee.

Pound of Feathers

There is considerable difference in weight between a pound of gold and a pound of feathers. Gold is weighed by the troy system, in which there are 12 ounces to the pound, while feathers are weighed by the avoirdupois measure, in which there are 16 ounces to the pound. A troy pound, therefore, is less than the avoirdupois pound.

Reading & Writing

By Edwin Seaver and Robin McKown

Deems Taylor, the noted composer and music critic who edited the popular "A Treasury of Gilbert and Sullivan," throws some interesting sidelights on the lives of these famous collaborators. Both were fairly well known when they met for the first time in November, 1889—Gilbert for his charming "Bab Ballads" and Sullivan for his various musical scores.

Neither displayed any particular interest in the other at that first meeting. In fact, Gilbert began by poking fun at Sullivan, who was considered the musical white hope of England. "I'm very glad to meet you, Mr. Sullivan," he said, "for you will be able to decide a question which has just arisen." Whereupon he launched into a long and frightfully involved problem in harmonic technique, which he had memorized out of the Encyclopedia Britannica. Sullivan, who was not used to being kidded, said seriously that he could not decide the question off-hand, but that he would think it over.

It was two years before they saw each other again, and it was not until six years later that they carried through their first collaboration—"Trial by Jury." The man who was really responsible for the wedding of these two was a theatrical agent named Richard D'Oyly Carte. Because of his ingratiating manners and his shrewd business sense, he was known by some members of the profession as "Oily Carte," but whatever his failings, he made a large contribution to the entertainment of the human race when he urged Sullivan to provide music for Gilbert's lyrics.

Only enough, even at the height of their fame and success, both Gilbert and Sullivan felt the urge to work alone. Sullivan, who had composed "Onward Christian Soldiers" and "The Lost Chord," felt that comic opera was somehow beneath his dignity. He was tired, he said, of fairy tales and topsy turvy situations. He wanted a story where the music would speak for itself instead of depending on the words. In short, he wanted a story of "human interest and probability."

Gilbert's idea of a story to fill the bill was one that told of a magic lozenge, which on being swallowed, immediately transformed the swallower into whatever person he or she was pretending to be. Sullivan turned down the idea, and then they hit on "The Mikado," most successful of all their operettas with the possible exception of "Pinafore."

Not everybody liked "The Mikado," however. Queen Victoria thought the plot was "rather silly" and the Japanese Ambassador tried to have the original production stopped on the ground that it held his country and his Emperor up to ridicule.

It isn't often that an author can call upon the President of the United States to help him with the background of his book, but that is just what Carl Carmer was privileged to do while he was writing "Genesee Fever." Mr. Carmer was the guest of the President and Mrs. Roosevelt at Hyde Park, and the two men checked and rechecked the lore and legend of the Genesee country in upstate New York, from which both families stem, for more than three hours. The President's mother, the late Mrs. Sara Delano Roosevelt, also assisted Mr. Carmer.

DEFENSE

(Continued from Page 1)
fect. Regular drills are expected to be held each week in the future.

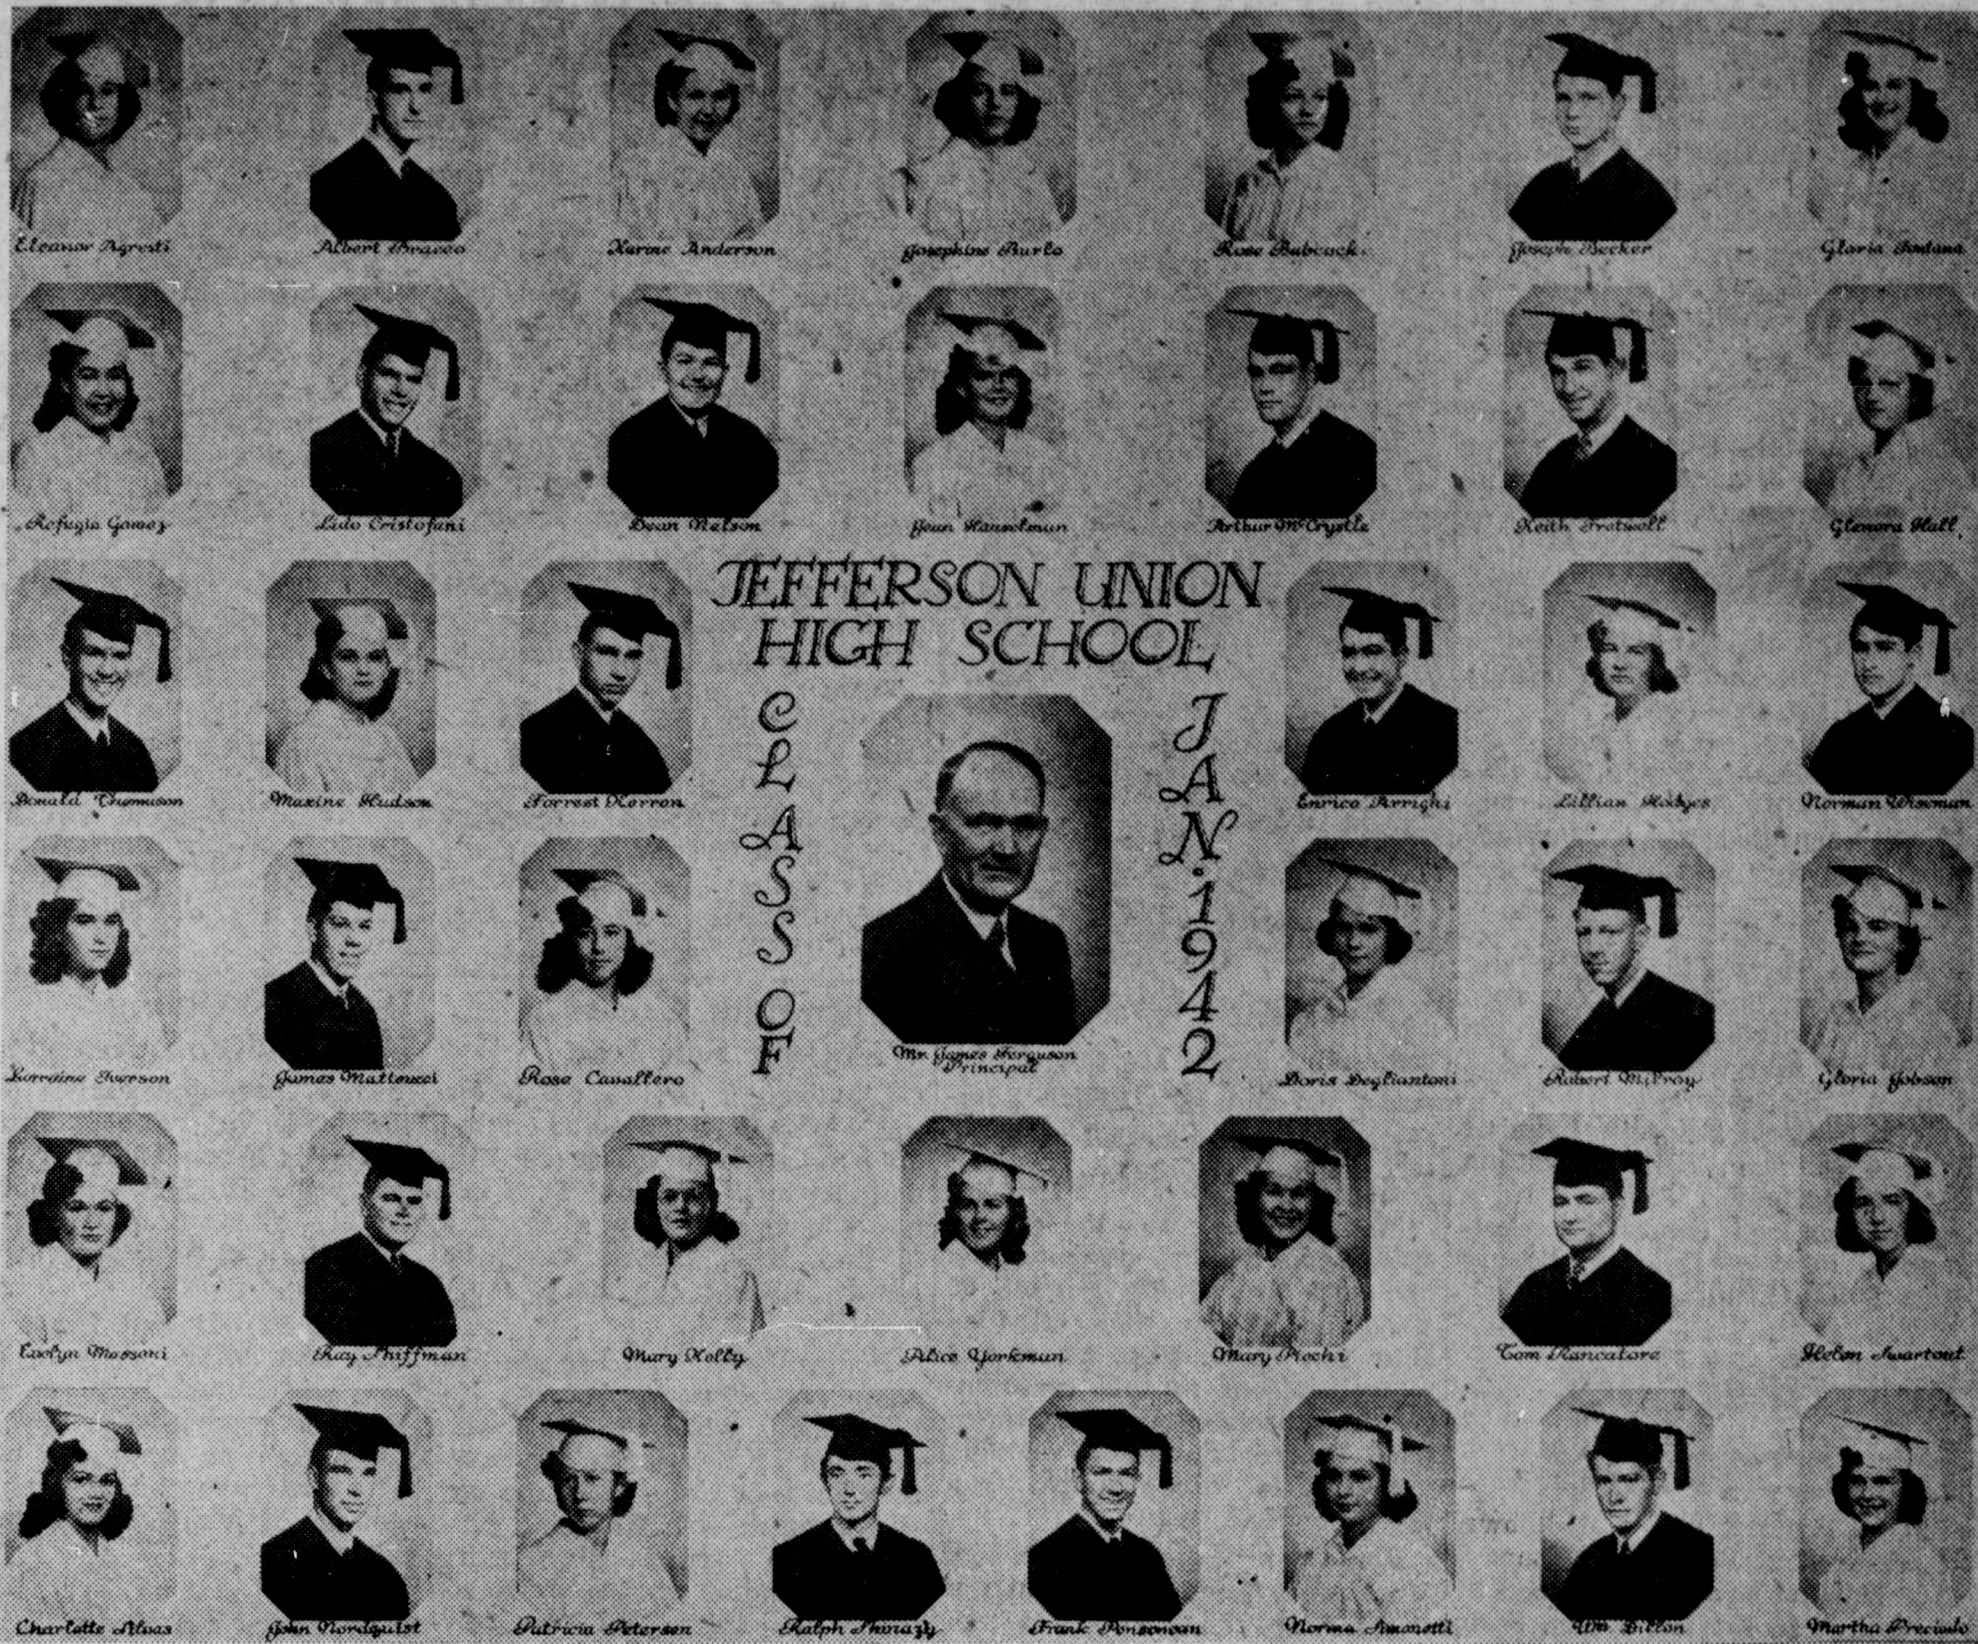

Meanwhile the auxiliary firemen are drilling twice a week at all companies in the department. Fire Chief Andrew P. Chesney, chief of fire protection in civilian defense, reported that the captains are supervising drills in their respective companies. Captain K. Peterson is conducting drills for auxiliary firemen in Company 1; Captain Gus Ford, Company 2; Captain Lawrence Kennedy, Company 3; Captain Walter Davis, Company 4; Captain Jimmy Welch, Company 5; and Captain A. Benassini, Company 6.

Air raid wardens have set up telephone communications in every home of the senior wardens. The senior wardens' telephones are "starred" in the switchboard in the telephone office, so that they can be reached without delay in case of an emergency. The star is used by the telephone company for all vital lines. Residents are ordered to contact their senior air raid wardens when assistance is needed in an emergency.

Dispatching of first aid equipment, fire apparatus, and all equipment will come from the Civilian Defense office in the city hall. The headquarters there serve as a "nerve center" in the plans for unity in the San Mateo County Civilian Defense Council.

R. L. Crane jr., chairman of first aid, declared that thirteen squads will soon be formed, but that the first aid division is badly in need of more volunteers, since many of the precincts in the city have but one or two volunteers who have had the necessary first aid training. He urged that more volunteers sign up for first aid.

CONGRATULATIONS! GRADUATES OF JANU'RY '42

Classes

With all the excitement of commencement, promotion, senior ball and what have you, the news was rather slim this week. Everyone was so busy getting ready for the ball, Friday evening, that they didn't have time to make any startling statements. So—your old reporter rummaged around and managed to pick up a few tid-bits, a mighty few.

Wasn't the ball elegant? It was indeed one of the prettiest settings, for a senior ball, that has been seen at the school in a long time. This was the general remark made by all who attended.

The class of '42 sailed their last voyage on the S. S. Jefferson, Friday evening. The theme of the dance was "Farewell," the band stand was made like a boat; anchors, life savers and everything pertaining to a boat decorated the walls. Upon entering the dance you crossed a gangplank. After crossing the plank you would have thought you had entered a fairy land—sparkling stars glittered down from a blue ceiling and a revolving mirror ball made tiny specks of different colored lights dance all around.

Doris Degliantoni, chairman of

the ball, deserves a hand for her fine work. A bouquet also goes to her committee.

ELECTION

First off—congratulations go to the new student-body officers. Election was held Thursday during the lunch hour.

Students aspiring for offices were: Roy DeVincenzi, Allen Rigler, president; Rose Marie Carlsen, Ardis Hatton, Eugenia Rich, vice-president; Earlyn Barker, Pat Theurer, Meta Wendell, secretary; Betty Brewer, Joyce Russell, treasurer; Bernard Janssen, Carmel Robinson, Harvey Mellicker, judge; Jenny Giusti, yell leader; Charles Razzari, sergeant-at-arms.

Elected by the students to lead the school for the next six months were: DeVincenzi, president; Miss Carlsen, vice-president; Miss Barker, secretary; Miss Brewer, treasurer; Janssen, judge; Miss Giusti, yell leader and Razzari, sergeant-at-arms.

PHOTOGRAPHY CLUB

The members of the Photography club were officially organized last week. The group chose their officers for the coming semester at the meeting, last Tuesday. Chosen to lead the group is Alice Forest, president. Her corps of officers will include: Maxine Hudson, vice-president; Bob Bybee, secretary; Carol Bryant, treasurer.

that feature the program are: "Anchors Aweigh," "The United States Field Artillery March," "Old Glory Triumphant," "Land of Liberty," and "The Stars and Stripes Forever." Miss Alba Canale will render a vocal selection, "A Real American." A majorette drill will feature the "Parade of the Wooden Soldiers" by Miss Anna Marie Domecus and Miss Eleanor Benedetti.

The concert is being staged to inspire citizens with the patriotism that is so vitally needed in the present crisis in America, according to Brenner, who invited all to attend this free musical event.

Modest Concession

"What's become of the old-fashioned girl who used to shy from wearing a one-piece bathing suit?" "She has compromised by wearing two pieces—separated by her midriff."

Miss Forest announces that the club is now busily engaged in making photo-montages of school activities.

Vollbrecht Joins

(Continued from Page 1)

He will teach German, and assist in the English department.

Another replacement in the faculty at Jefferson is Miss Clara Maynard, who has replaced Miss Amy Behrens in the domestic science department. Miss Behrens recently passed an examination for a position in the San Francisco School department.

Miss Maynard taught in Mendocino county before coming to the Bay region. She is a graduate of Chico State and Oregon State college.

Miss Maynard has a general secondary school credential, and is equipped to teach other subjects aside from those in which she majored.

Assisting Coach Albert Biggs in the physical education department at the high school will be Milton C. Axt, graduate of San Mateo junior college, Santa Clara university, and the University of California.

All of the new members of Jefferson's faculty have come to the school with the very finest of recommendations, according to Principal James Ferguson.

Officer Narrowly Averts Knifeplay

Knifeplay was narrowly avoided in a fight at Central Club, 6282 Mission street, Sunday afternoon, between two local men, George Pavlos, Hillcrest apartments, and Joseph DeMartini, 2937 San Jose avenue.

Officer Roland Petrocchi of the Daly City Police department arrived on the scene just in time to halt the fight before knifeplay began. Pavlos had gone into a nearby restaurant for a knife, and returned, while DeMartini had picked up a stool to use in the fight. Officer Petrocchi stopped the battle.

The fight started after DeMartini had cursed Pavlos, when the latter entered the tavern to borrow \$5. DeMartini was jailed, and City Judge John J. Fahey set his bail at \$10. DeMartini was released after payment of the bail. He will appear in the district court, Friday, on a charge of disturbing the peace.
